

Please follow the below instructions to get access to **Quiktravel Shopping**.

Make sure you have registered for Shopping in Quiktravel BEFORE you continue with this.

Quiktravel needs access to your **PCC** using **Bargain Finder Max APIs** in order for you to use and access **Quiktravel Shopping** (both EDIFACT and NDC).

Your Agency will also need to sign a “down-line” agreement with Sabre.

Steps:

1 Request new Sabre Sign On (Web Enabled EPR)

Email your **Sabre Account Manager** requesting a **web enabled EPR** and to activate **Bargain Finder Max API** on your PCC for **Quiktravel** and **CC: shopping@quik.travel**.

[Click here to create a sample email](#)

Sabre will send you a “**down-line**” **agreement** for **Quiktravel** that you will need to sign.

Note: This process can take up to 10 business days.

2 Enter Sabre EPR details into Quiktravel

Once you receive your new EPR, you will need to **reset the temporary password** with a new **permanent password** (**within 24hrs of receiving it**) using the link below.

<https://accounts.havail.sabre.com/login/agent>

Once you have reset your password, log into **Quiktravel**, go to **Agency Settings** area, click on **Shopping Setup** and enter your new **web enabled EPR login credentials**.

You will need your:

1. PCC
2. EPR / Sabre ID
3. EPR Password

3 Start Shopping!

That's it!

Log out and back into Quiktravel to access the **Shopping** area and start shopping!

* Detailed instructions on next page

More Information

Bargain Finder Max will include the following settings: Alternate Dates, Alternate Airport, Branded Fares, Multiple Ticket, Shop Across PCCs, AUTO VAL, Tier – 200.

The **web enabled EPR** will need the following keywords: AGYRET (to show “Selling Fare Level amount” and “Total adjusted fare amount” if any), ORGFQD (to show “Total Fare Amount” as the “Original Fare amount” and return “Additional markup information” in the “SellingFareData” element.). This is used to assist Quiktravel with Agency Markup decisions on displayed fares.

For more information on **how to reset your temporary password** please refer to <https://developer.sabre.com/guides/travel-agency/developer-guides/password-management> or reach out to your Sabre Account Manager for assistance.

If your temporary password has expired, please check instructions on the last page.

Entering your Sabre Credentials in Quiktravel

1. Once the GDS has provided your credentials, you will need to enter them in Quiktravel

Agency Settings area by clicking on the new **Shopping Setup** button.

Note: Contact your manager or our Sales Team if you don't have access to this area.

2. You will need to click on the **Add Credentials** button for your PCC to enter the details provided by your GDS.

GDS	Booking PCC	Allow NDC	Allow GDS	Action
SABRE	R2XF	☒	☒	Add Credentials

3. Enter your credentials, making sure to use the **permanent password** not the temporary one, and click on **Test and Save**.

- Quiktravel will attempt to **connect to the GDS** using the credentials entered.
- If the **connection is successful**, the details will be **saved**. Just log out of Quiktravel and back in to reset your profile. You will then see a new **Shopping** tab - click on it and start Shopping.

- If the **connection is unsuccessful**, an error message will be displayed. It may be that details were not entered correctly. Try re-entering your credentials or there could be issues with the GDS setup. Take note of any error messages and reach out to your GDS for assistance or otherwise contact our Quiktravel Support or Sales team.

If your temporary password has expired or not working

If your temporary password has **expired** or you get an **error** when trying to enter the temporary password provided by Sabre, then you will need to reset your EPR with a new temporary password following the below steps.

1. Sabre users with **CREATE access** will need to enter below cryptic commands in Sabre Red 360

HB<Agent ID> (press enter) *Example: HB123456*

H/AUTH <Enter your first name> (press enter) *Example: H/AUTH STEVE*

H/PASS <New Passcode> (press enter) *Example: H/PASS TEMPASS1*

HE

2. Click on the below link and login using your Agent ID, PCC and the temporary **New Passcode**

<https://accounts.havail.sabre.com/login/agent>

3. When you login, you will be prompted to enter a new (**permanent**) password. Follow the prompts to enter a new password.

Once you have created the **permanent** password, you can **enter the Sabre credentials in Quiktravel** as shown on previous page.

Note: You will not be able to log into Sabre Red 360 with this EPR as it is only used for API access. Please reach out to your Sabre Account Manager if you need further assistance.
